**Technical intern at Raven & Macaw Limited (September 2021 - September 2022)**

➤ Assisted in Website Design:

Collaborated with designers and senior developers to implement design concepts.

Translated design mockups and wireframes into fully functioning front-end code using HTML, CSS, and JavaScript.

➤ Implemented Responsive Design:

Ensured websites are responsive and optimized for various devices, including desktops and smartphones.

Tested and debugged layouts across different browsers and devices.

➤ Content Integration:

Added and formatted content on web pages. Working with content management systems (CMS) like WordPress to update and maintain website content.

➤ Optimizing Website Performance:

Assisted in optimizing front-end code for speed and performance. Implementing best practices for SEO (Search Engine Optimization) to improve site visibility.

➤ **Bug Fixing and Code Maintenance:**

Identified and fixed bugs or issues in the front-end code.

➤ **Collaborating with Teams:**

Working closely with back-end developers, designers, and content creators to ensure seamless integration of front-end components. Attended team meetings and contributed ideas for improving the user experience.

➤ **Learning and Applying New Technologies:**

Updated with the latest front-end technologies and frameworks specifically React.

Applied new tools and techniques under the guidance of senior developers.

➤ **Documentation and Reporting:**

Documented the code, processes, and any issues encountered.

Reported progress to supervisors and seeking feedback for improvement.
